

# *Cloud Patrol for Humanity*

Paper cups, kozo fiber, wood pulp, handmade paper, drawing paper, colored pencil

*Cloud Patrol for Humanity* is a transformation of the artistic styles of both Judy O'Shea and Valentin Popov. Floating kozo paper clouds provide shelter for self-portrait superheroes who have joined together to protect humanity. The soul of humanity is represented through portraits of an eye. The students created handmade paper, which is layered, curled, and then sewn together to further represent humanity through hair.

- *Students used torn paper to create the skeletal and muscular template of their superhero icons.*
- *Students investigated various papermaking techniques, using both wood pulp and kozo fiber as well as different kinds of screens and deckles.*
- *Students worked with basic portrait techniques through drawing half-face portraits, full-face portraits, and eye portraits.*

# *Patrulla de Nubes para la Humanidad*

Paper cups, kozo fiber, wood pulp, handmade paper, drawing paper, colored pencil

Patrulla de Nubes para la Humanidad es una transformación de los estilos artísticos de Judy O'Shea y de Valentín Popov. Nubes flotantes de papel kozo le dieron abrigo al autorretrato de los superhéroes que se han unido para proteger la humanidad. El alma de la humanidad está representada a través de retratos de un ojo. Los estudiantes crearon papel artesanal, que está puesto en capas, y ondulado, y luego cosido para representar la humanidad a través del pelo.

- *Los estudiantes usaron papel roto para crear el patrón esquelético y muscular de sus íconos superhéroes.*
- *Los estudiantes investigaron varias técnicas de fabricación de papel, usando pulpa de madera y fibra kozo así como diferentes clases de rejillas y cortes.*
- *Los estudiantes trabajaron con técnicas básicas de retrato dibujando retratos de mitad de cara, retratos de cara completa, y retratos de ojos.*
