My Everyday Hero

Acrylic on canvas with tooling foil

Inspired by the work of Valentin Popov, students painted a portrait of a loved one who has had a positive impact on their life. Through drawing exercises, they were encouraged to think about everyday experiences that contribute to their happiness, safety, or success. They then created a portrait of their "hero," focusing on accurate proportions, color, and composition. Using metal-embossing techniques on tooling foil, students explored the principles of design and created a frame for their portrait.

Mi Héroe Diario

Acrylic on canvas with tooling foil

Inspirados en el trabajo de Valentín Popov, los estudiantes pintaron un retrato de un ser querido que tuvo un impacto positivo en su vida. A través de ejercicios de dibujo, ellos fueron animados a pensar sobre experiencias diarias que contribuyen a su felicidad, seguridad, o éxito. Luego ellos crearon un retrato de su "héroe", enfocándose en proporciones, color y composición adecuadas. Usando técnicas de estampado de metal en herramientas de lámina, los estudiantes exploraron los principios de diseño y crearon un marco para su retrato.
